Excerpt: . and chicks seen by some of us gave significance to the name. An abysmal gorge, at the unseen bottom of which the roaring Tahoma could be heard, separated the park from the dome which was so near, however, that as one sat on the brink and attempted to write a letter the cold emanating from the vast glacier field opposite benumbed the fingers, while the afternoon sun roasted the back. From here one looked across to the great rock mass of Glacier Island rising high above the immense fields of ice surrounding it, which it splits into the South Tahoma and the larger Tahoma Glacier proper. To the right was Pyramid Peak and reaching up toward the summit from it the rugged rocky Success Cleaver, terminating far aloft in the snowy Peak Success, while to the left, as far as one could see,...
