Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Architecture of Machinery: An Essay on Propriety of Form and Proportion, With a View to Assist and Improve Design The object of the following Essay is to inquire into the reasons of error, and to endeavour to point out certain rules for design, by attention to which the many irregularities in construction and form so constantly met with in machinery are to be avoided; and to explain the correct principles of taste. That they are open to such an inquiry no one can doubt, and it is earnestly hoped that those who peruse this Essay will do so without partiality, or allowing any personal feeling to warp their sounder reason. That the opinions and remarks contained herein are open to criticism and animadversion, the Author cannot deny; but, at the same time, he cannot help expressing his conviction that the data upon which his reasonings are founded are correct, and might, if treated in a more able manner, be productive of the greatest benefit, not only to the manufacturing engineer, but to all those connected with machinery. The daily increasing demand for machinery of every description, - the perfection at which workmanship or skill in manufacture has arrived, - and the facility with which every part is executed, render it of the utmost importance that the contrivances which constitute the value of those machines, and the workmanship which renders them capable of being made so truly beautiful, should be reduced to such rules of construction, that while they retain all their essential forms, they may produce pleasing effects upon the eye of an observer; and the best means to produce such an effect are now...
