Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a collection of short stories and one novella. All are science fiction set in a world called The Apostrophe Universe. Gravity Before Newton Digby Futter dreams of becoming a scientist yet he is thwarted at every turn by real life. One day when working in his professional garage he is hit on the head with a lug nut and has an epiphany about the science of fate. As he calls it, Fate Before Futter is like Gravity before Newton. It existed, but took a unique mind and a knock on the head by an apple to bring the science to the world. His plan goes disastrously wrong costing him everything. A View Without Seasons This is the story of an engineer raising his young daughter by himself. Her mother has taken a job on another ship and is doing important scientific work that will change all of humanity forever. Yet when the man hears that his ex-wife s vessel will dock with his on Christmas day, he takes the opportunity to have his family together and to celebrate the antiquated holiday in the old fashioned way. It is a look at Christmas from the point of view of a society that has moved beyond Earth and faith. Lomonosov s Drift When a geologist finds a beautiful rock while mining for solid methane he takes it back to his wife. When she hosts a party for potential clients of her engineering firm some clients begin to believe the rock has supernatural healing powers and should be shared with the entire ship. When the couple disagree with the consensus of the ship they are forced...
