## The Truth Breaks Free

By James Halle

Austin Macauley Publishers. Paperback. Book Condition: new. BRAND NEW, The Truth Breaks Free, James Halle, The Truth Breaks Free? was written due to James Halle's fascination with German history in the wake of World War One when sanctions introduced resulted in an austerity programme which changed the course of the twentieth century. Once again as the new millennium gathers pace social and economic gloom deepen to a level of frightening uncertainty. The chapters range from outlining Adolf Hitler's humble beginnings, his Vienna Period, the development of National Socialist Theory, its impact, psychological attachments and lessons from history. Throughout, Halle has aimed to pursue the truth of the Führer's steep ascent into public life, to his last tumultuous days, with a degree of objectivity not normally associated with such an emotive subject.
