But the demons, though driven generally from the field, lurked about in holes and corners, watching their opportunity. They took refuge in bypaths, leaving the high road: they lay in ambush in a thicket, whence nothing ever could dislodge them: that of fairy tales and fables. In India, the demons, i.e. the fairy tales and fables, have never had to hide. But the fairy tales of India differ from the fairy tales of England, much as their fairies do themselves. The fairies of Europe are children, little people: and it is to children that fairy stories are addressed. The child is the agent, as well as the appeal.
