

The Government We Deserve: Responsive Democracy and Changing Expectations

By C. Eugene Steuerle, Hugh Hecla, Edward Gramlich

University Press of America, United States, 1998. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. Before buying into anyone's vision of where public policy should go, we must think seriously about where we are now. This includes our economic and social structure, our government as a prominent feature of that landscape, and the way we currently make political decisions. The authors' views of where we are now lead them to propose a rethinking of our commitments as a society, our public responsibilities, and our processes for making policy choices--a rethinking that can help make government more responsive to changing expectations and changing needs.
