21 SONGS IN 6 DAYS: LEARN UKULELE THE EASY WAY: UKULELE SONGBOOK

Rebecca Bogart, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Who should read this? You've got a ukulele. You've watched some lesson videos on the web and tried to play along. But you can't seem to make progress. The videos move too fast for you to follow. Some pro guy says "just do it like this." You would love to "just do it like this," but you can't really see exactly what he's doing, or figure out why your attempts to copy him don't sound so good. Or you've tried to work through a ukulele songbook. But there's lots of music terms or notation that you don't understand. Or many pages about how to read a tune written in the treble clef, or what a time signature is, but not much about how to actually play and sing. Maybe there are a few explanatory pictures but you can't see how to make your hand position match the picture. Maybe you even think you haven't got what it takes to learn music. You're disappointed and frustrated because you want to have fun with this cute instrument, but you can't seem to make any headway. You might even feel ready to give up, chalking yourself up as a musical failure. Wouldn't it be great to play ukulele music? You'd have a fun new hobby. You could take your uke on camping trips for singalongs. People would smile when they heard your music. You could serenade someone special or even teach your kids. What can a ukulele wannabe do? You could give up your musical dreams and try to learn to live with your disappointment. You could look for a private teacher, but that can be really pricey and take a while. Or you could keep slogging through the...
