BIRTHING INTO SPIRIT

Transformational Books, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Birthing Into Spirit Is a Journey We Will All Take. Birthing into spirit embraces the process of dying as a part of the journey of the incarnated soul. Death is not seen as an ending but a continuation of the journey. Birthing into spirit is a conscious dying process that embraces every moment of life as one to be cherished including those leading up to physical death. Consciousness continues after physical death. When we die a physical death, the spark of our soul which inhabited the body continues experiencing consciousness, thus the term birthing into spirit. The stories shared offer insights and gifts from those birthing into spirit. As you read the stories you will feel connected to each person. Their hope, visions of the afterlife and their faith that dying a physical death is not the end of their stories, are clearly expressed. In chapter five David shared how beautiful heaven was and how excited he was to see his mother. David s mother died when he was eight years old. While the process of letting go of physical life was different the stories have common threads with each person, experiencing the tunnel of light, seeing angels and departed loved ones as part of their experiences. We believe you will be inspired to rethink what you know about death and the dying process as you read the stories. Talk of heaven, the afterlife and the journey of the incarnated soul must include a world where the dying process is supported by the laws of the land and the medical team of the one birthing into spirit. We live in times of great change. We need to...
