By Illinois Dept of Agriculture

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1895 Excerpt: .even one person to this investigation, and the incomplete and sometimes doubtful character of many of our results is usually to be attributed to unavoidable interruptions of studies which should have been continuous. We have endeavored to investigate, so far as possible, the spontaneous prevalence of white muscardine in the field; to determine the cheapest, best, and most convenient method and apparatus for the artificial culture of the muscardine fungus and of some other fungi of similar habit; to bring into comparison inoculation experiments in the laboratory and the field with spores derived from such artificial cultures and similar experiments with those coming directly from the dead insect itself; and to test the economic value of various methods for the increase and extension of this muscardine in the field, either as a preventive measure when chinch-bugs are relatively few, or as a means of arresting their...
