Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The classification system presented in this volume is based largely on Dewey s magnum opus Decimal System (1876) and Ockerbloom s excellent Free Decimal Correspondence (2010). It has been slightly updated for improved benefit to librarians. It shortens subject headings, provides a more intuitive sequence of topics, and reduces the number of classes to nine-freeing up the tenth class for any purpose of the librarian s choosing. It retains Dewey s classic preface and card catalog appendix, removes the outdated index, retains most of Ockerbloom s scope and nomenclature, and adds guidance for digital collections.
