The understanding of the different principles, which contribute to a complete knowledge of this art, is what we refer to as The Professional Background --the background with which Fashion Academy graduates are equipped to take up dressmaking and designing as a profession. When you consider the full meaning of Professional Background, you can readily understand why every community offers a fertile field for the type of service which the term suggests. You can also appreciate why practically every established dressmaking shop has a vacancy for the person who is trained to deliver this type of individual personal service. STARTING A DRESSMAKING BUSINESS 6. Success in the dress designing profession is the result of the application of the same set of elements which contribute to the success of any other business. The first of these is, of course, a thorough knowledge of the business itself and of its needs. The other elements consist of logical location, attractive quarters, and judicious business judgment. Thus a competent dressmaker who is a judicious manager and is established in a carefully selected location is almost certain to prove successful. 7. Fashion Academy endows its students with the first essential requirement--a thorough knowledge of the principles of design and construction. Therefore it only remains for the ambitious dressmaker to exercise good business judgment in the matter of selecting the location for...
