Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from C. P: An Accounting; Theory, Questions, and Problems, Vol. 2 The past school year - 1920-1921 - closed the first decade of the study of Accountancy in Y. M. C. A. Schools, with an enrolment of approximately 10,000 students. It is, therefore, quite in line with the progressive policy of the United Y. M. C. A. Schools to begin the second decade of Association Accountancy instruction by furnishing, for advanced students, these two volumes on C. P. A. Accounting - Theory, Questions, and Problems, by George Hillis Newlove, Ph. D., C. P. A. For two years the standard Accountancy Commission of the United Y. M. C. A. Schools has been carefully studying the Accountancy courses offered by the local Association schools, with a view to planning a standard four-year curriculum that would be of maximum service to the student, not only in giving him sound instruction, but in equipping him to pass his state examination. These books by Dr. Newlove are admirably planned to furnish the instruction and equipment referred to, for they are the outgrowth of his own experiences as instructor and Dean of the Washington, D. C., School of Accountancy. It will be observed that there are more problems in the books than can be solved within class periods. In order to relieve the instructor and to aid the student, model solutions for all problems have been provided, in mimeograph form. These may be secured, at slight cost, from the Educational Director of the local Association, by resident students, after they have solved the problems required by the instructor. Those who are using these books, but are not in Association classes, may secure...
