Soul Science University Press, United States, 2013. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.India, homeland of the sacred cow has become the world s leading beef exporter. International community is shocked that a nation in which cow slaughter is officially prohibited and is an utter anathema to the majority of the population, will overtake three icons of cattle ranching (Australia, Brazil and US) and become the world s leading beef exporter. Present Indian government came to power 10 years ago. After assuming office, their first move was to modernize existing slaughterhouses and grant licenses for establishing new slaughterhouses. A lucrative subsidy ranging from 50-90 was offered to lure entrepreneurs in this area. Contacts were established with slaughterhouse machinery suppliers in Europe and China. The whole government machinery was mobilized to usher in a new era of increased meat consumption and export. It was a significant policy shift in last several centuries. Even the British in their 200 years of rule could not accomplish what the present Indian government has accomplished in just 10 years. This team has fulfilled the dream of India s founders who can finally rest in peace now. It was their cherished desire to see Indians eat, drink and have sex like Westerners. These founders must be reveling in their graves, having fulfilled their long pending dreams. After independence, it took Indian leaders 65 long years to accomplish this feat . But this accomplishment has come with a big price tag. Soil of India, deprived of farmyard manure, is in revolt. Scorched with chemicals, topsoil is getting destroyed and land is turning into a desert. Indian agriculture is a fragile system which has withstood the test of time. India supports approximately 16 of the world...
