Booksurge Publishing. Paperback. Book Condition: New. Paperback. 118 pages. Projects are the basic unit of today's work. They are changing and they are no longer moving at the speed of business, but at the speed of the Internet at NetSpeed. The author, an architect, a futurist, and strategic master planner, speaks from experience as he shares his passion for people and their projects. This book offers a straightforward, applications-rich approach to managing the basic unit of work in the Third Millennium. As opposed to so much of the contemporary writing and resources available on Project Management, this book focuses on the Project itself, and the impacts it has on people. When Project Management is viewed from that perspective, it changes the whole approach. Project Management NetSpeed is written in a fast-to-read style with easy-to-remember techniques and simple-to-learn tools that focus on what is truly important in Project Management. At just over 100 pages, it is broken into 3 basic sections: Trends, NetSpeed Mandates, and Strategies. The Book also includes a list of additional resources as well as an extensive index of subjects, companies, and individuals mentioned in the book. Section I: Trends Key Issues How is Project Management changing DRAMATICALLY. . . . not only are the Projects themselves changing, but the way Projects are being accomplished is constantly evolving. The book takes a brief look at today's Projects, compared with those of the past and applies an historical perspective to the analysis. What dynamics are we dealing with Exactly what makes the Projects of today different 10 key trends that are forcing us all towards Project Management NetSpeed are explained: Trend 1: More TEAMS, less Individual Trend 2: Separated Work Teams Trend 3: Sleeping with the Enemy Trend 4: Process or Product Trend 5: Shorter Schedules Trend 6: Smaller Margins Trend 7: Blurred Boundaries Trend 8:...
