*This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.*

After discussing the different kinds of seeds and seed houses, and how the seed are scattered, we store them away until spring, when we plant them, either near the school building or let each pupil take a few kinds home and plant and care for them. Rose Barbour A RACE The hard words are printed on the blackboard. The children study them and tell the teacher what they are. Then the teacher selects two children, a boy and a girl, to run a race. She gives each one a pointer and they stand about eight or ten feet from the blackboard. The teacher names a word and the children look for it. When the teacher says, Go, they run and point to the word. Whichever child places his pointer on the word first gets a star. A third child keeps the score. Have a space on the blackboard marked Boys and one marked Girls. At the end of the lesson, the children clap for the winning side. The children take great.interest in this game and it is an especially good drill for a dark or rainy day. Mary G.
