Language: English Brand New Book ***** Print on Demand *****.Excerpt from *The Laws Relating to Pews in District Churches, Chapels, and Chapels, Proprietary Chapels: The Rights Incidental Thereto and the Remedy for Wrongs* The Law relating to Pews has been rendered more than usually important, by the late discussions upon them, and the spirit with which such discussions have been conducted; for the inquiry has not been directed to the right which exists, but how that right might be swept away. When a right has been so menaced, it was thought that the law, particularly relating to the subject threatened, should be presented in the clearest manner. The pew right, (as a general right,) has existed from the time of the Reformation, and no work, which can be strictly termed a law book, has been specially dedicated to an inquiry into the law of this subject, and its incidents. Writers upon Ecclesiastical Law have collected some of the broad features relating to them, and books upon general subjects have afforded the matter a short space, but it was only in the Reports that the law was to be found. This Book was written to supply what the Author, (and, doubtless, others in the Profession also,) felt was a defect, and it is trusted that it will at least lighten the labour of research, if its use extends no further.
