New Programmers Survival Manual: Navigate Your Workplace, Cube Farm, or Startup

By Joshua D. Carter

Pragmatic Bookshelf. Paperback. Book Condition: New. Paperback. 300 pages. Dimensions: 8.9in. x 6.0in. x 0.9in. Its your first day on the new job. Youve got the programming chops, youre up on the latest tech, youre sitting at your workstation. . . now what New Programmers Survival Manual gives your career the jolt it needs to get going: essential industry skills to help you apply your raw programming talent and make a name for yourself. Its a no-holds-barred look at what really goes on in the office--and how to not only survive, but thrive in your first job and beyond. Programming at industry level requires new skills - youll build programs that dwarf anything youve done on your own. This book introduces you to practices for working on large-scale, long-lived programs at a professional level of quality. Youll find out how to work efficiently with your current tools, and discover essential new tools. But the tools are only part of the story; youve got to get street-smart too. Succeeding in the corporate working environment requires its own savvy. Youll learn how to navigate the office, work with your teammates, and how to deal with other people outside of your department. Youll understand...
